| • Next.js    | • jQuery    |           |
| • Gatsby.js  | • Bootstrap |           |
| • MySQL      | • PHP       |           |

## EDUCATION

---

Bachelor Degree in Philosophy

MPhil Program in Analytic Philosophy

## SUMMARY

---

I am a technology enthusiast with a positive mindset and a wild desire to learn new things. Since beginning my journey as a Front End Developer, I have continuously worked to improve my skills to solve all the problems I encountered in my projects.

Web development has never been "just a passion" for me. It has offered an engaging challenge to continuously learn and improve my skills in creating better websites and web apps.

What started with just a curiosity of building something has become a full-fledged passion that only makes me more interested as the years go by.
